### The Opening of Schools.

Teachers and school officers should get everything in readiness for school at least a week before schools opens. Clean house, cut weeds, see that good water may be had, burn trash, make premises sanitary and avoid malaria and other diseases due to uncleanly surroundings.

The teacher should become acquainted in the district before the opening day of school and have the classification of school well in hand. Get ready, Don't waste first week of school getting ready. See that blackboards, library and other supplies are ready for use. A good start means a good school.

Parents should get everything in readiness to start every child on the first day. Few children are bright enough to lose several weeks at opening and then keep up with the work. Much of the dislike of school is due to getting poor start. As a rule those who start late can't afford to miss a day. Self interest should prompt parents to make some sacrifice to give prompt parents to make some sacrifice to give the children the most favorable opportunities. For those who have not such interest the law comes in to compel attendance.

The compulsory attendance law should be strictly complied with. If the law is a necessary one every good citizen should see that it is enforced. If it is unnecessary it should be repealed. All children between 8 and 14 years must attend some school for half term. No one can be excused for half term until he has already attended. The compulsory law increased the enrollment and attendance last year. All districts have had time now to prepare for it and it is expected that a better showing will be made this year.

The law compels school boards to publish a synopsis of "Attendance Law" in the newspapers or to post notices. If boards do not promptly attend to it editors should call attention of board to the law. The State Superintendent of Public Schools distributed 75,000 such notices to the County Commissioners and Superintendents last Spring to be used now. A failure to publish or post notice does not excuse any parent for non-compliance with the law.

There are several matters of minor importance that call for careful attention. If text books are changed at all do it at opening of school. Good judgment will decide to make no changes now. Wait until after meeting of next Legislature. The State Superintendent's supply of School Laws and State Courses of Study is exhausted. Forty thousand copies of each have been distributed in last three years. It is well to leave a revision of these until after next Legislature and to the new State Superintendent to be elected in November.

## The Republican.

(Successor to THE DEMOCRAT.)

W. W. KINLOCH, Proprietor.

Entered in the Post Office at Versailles, Missouri as second class mail matter.

### Morgan County Republican.

The readers of this paper and the public at large will notice by the heading that a change has been made so far as the Morgan County Democrat is concerned. The plant was this week sold to W. W. Kinloch, formerly of the Christian County Republican. As the new proprietor is a Republican he takes charge of the Democrat and at once transforms it into the Morgan County Republican. He has purchased the plant, good will and the business with a view of running a Republican paper in accord with his political faith, while the general tone will be for the building up of every interest calculated to push Versailles and Morgan county directly to the front.

The retiring owner has labored hard to place this paper and its business on a basis worthy of patronage, and the new owner steps in with no strings tied to him, and is not hampered in any sense. The Republican, as it is hereafter to be known, is on a good business footing and it remains for Mr. Kinloch to give it still greater prestige as a factor in the future of our city and county.

He comes well recommended, is a man of superior judgment and above all a practical newspaper man. He has a good family who will become citizens of Versailles while he will concentrate his entire business interests here.

I wish to thank the people for the many courtesies and favors shown me, both in business and otherwise, and say here that the new editor never did, neither will he, meet with a better people than those who make up this community and county. I will be identified with the mechanical department of the Republican for the present, while Mr. Kinloch will get out and make the acquaintance of the people and look after the business interests with which he is to be identified. This purchase was not forced nor has the sale been railroaded through in order to meet any private end other than a plain business proposition, hence all concerned are fully satisfied. With a hope that the new owner and proprietor will attain the highest rung on the ladder of prosperity, I step down and out. Respectfully,

H. F. TILLMAN.

TO THE CITIZENS OF VERSAILLES AND MORGAN COUNTY: GREETING:

The writer of this article has made a purchase of the Morgan County Democrat, and hereafter this Journal will be edited as a Republican paper. In coming to Versailles, and Morgan county, we come as a citizen and an editor absolutely without prejudice.

against any man or set of men. We come to preach the doctrine of Republicanism as we believe it, to challenge the wrong, and to uphold the right as we see it. We come to Versailles after mature deliberation, believing that there is a field in this county for another Republican paper. We have been led to locate here because we believe there is a greater future for Versailles than for any other town in the state of Missouri. Far and wide throughout the state we have heard people speak of the future of this town.

The writer has been in the newspaper business for twenty-two years. We have always conducted a clean honorable business, and we desire to say that we shall so deport ourselves here. We have nothing but the kindest feelings for those who differ from us politically, but we believe in the party of Abraham Lincoln, James G. Blaine and Theodore Roosevelt, and will earnestly endeavor to promulgate those doctrines in such manner as will give least offence to right thinking men of all parties.

With our wife and four daughters we expect to become residents of your town and community.

Very sincerely yours,  
W. W. KINLOCH.

### To Our Subscribers.

In our purchase of the Democrat we contracted to fill out all unexpired subscriptions, so if you are paid in advance you will receive the Republican to the end of time paid for, when we hope you will like it so well you can't do without it. To those who are in arrears, and desire to quit, all we ask of you is to pay up and quit square. All unpaid subscriptions are due and payable to the Republican. Call and see us, when in town, and get acquainted, whether you stay with us or not.

### Change of Date.

Beginning with next week we shall issue the Republican on Thursday. Thursday has been our day of publication for over twenty years, and has become a fixed habit, so hereafter, when nothing happens to prevent, the Republican will be mailed on Thursday of each week. This will necessitate a move on the part of advertisers and correspondents to catch on.

### BETTER THAN THREE DOCTORS.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. B. J. JOHNSON, Linton, Miss. For sale by C. D. Hunter.

### Call for Democratic County Committee Meeting.
